THE NEXT ADVENTURE AWAITS

## MAKE YOUR OWN PATH

To onlookers, the legendary Nissan Pathfinder makes a rugged, capable and tough impression. To owners, there lies a deeper lever offering premium refinement, flexible seating and cargo, advanced technology and entertainment features, and a rewarding driving experience that puts even the most remote corners of the world at your fingertips.

ROOM FOR MORE

## LUCKY NUMBER SEVEN

The Nissan Pathfinder comfortably seats seven passengers and surrounds them with leather appointments, wood-tone trim and all the headroom and legroom they need. From the dual-zone Automatic Temperature Control and heated front seats to the air conditioned 2nd- and 3rd-row seats with plenty of storage options, the trip will be less about where you go, and more about how comfortably you get there.

TAKE IT TO GO

## CRACK THE CARGO CODE

Both the 2nd- and 3rd-rows of the Nissan Pathfinder are easy to reconfigure in just a couple of seconds. As a matter of fact, there are 64 possible seating configurations to try out that can address almost any cargo needs. Add to that some hidden under-floor storage areas and a large, flat load area and you'll be ready to pack for any adventure, long or really long.

### FAMILY HAULER

Time to pack up the family for that big road trip – or two. Easily fit five adults in relaxing comfort and all kind of gear in the cavernous cargo area for the journey ahead.

### LONG GONE

Sometimes you find that lamp or ladder and you just have to bring it home, despite having a few friends along for the ride. No worries, since each row splits to fold individually, leaving plenty of room for that long item and happy passengers.

### THE WORKHORSE

Time to put the cargo capacity of the Nissan Pathfinder into overdrive. With the 2nd- and 3rd-row seats down and the front-passenger seat folded, extra-large items or tons of smaller cargo are right at home, saving you from making multiple trips on those big haul days.

PULLING POWER

## BIG ADVENTURE AWAITS

Seven on board, a big beautiful boat in tow. This is the stuff that tests what an SUV is made of. Powered by a trusty 4.0-Litre V6 engine that delivers 264 PS of towing prowess, you'll feel confident hitching up large payloads and heading down the road knowing that the Nissan Pathfinder has the performance to go all the way.

ON THE LOOKOUT

## HINDSIGHT IS 20/20

Take advantage of an extra set of eyes. Lining up a tow hitch or squeezing into a tricky parking spot just got a lot easier. Activated when you shift into reverse, the Rearview Monitor offers predictive guidelines that give you an even better idea of how much room you have to work with and which way you are headed.

FOR THE CITY AND BEYOND

Right at home in the city or conquering the backroads, the Nissan Pathfinder shows off with its wide chrome grille and muscular wheel arches. It boasts a commanding presence and a commanding view sitting atop 17" alloy wheels. The integrated front skid plate and sturdy roof rails let everyone know that the Nissan Pathfinder is a decidedly tough act to follow.

## MODERN SOLUTIONS

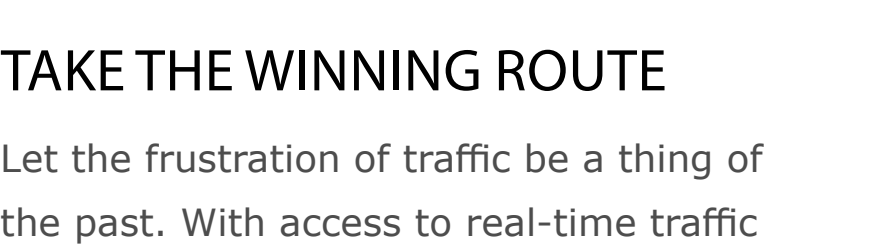

### LET TECHNOLOGY LEAD THE WAY

The Nissan Pathfinder rewards your drive with technology at its best. A navigations system to guide you through every turn with ease, endless music options to entertain all, and communication and convenience features that help you stay connected and save time.

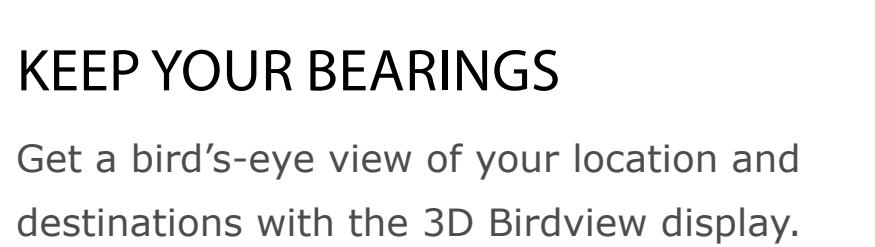

#### GPS IS MY CO-PILOT

Move beyond simple maps with the touch-screen Nissan Navigation System. While voice guidance announces the route directions, the system serves up live traffic and weather updates to keep you in the know.

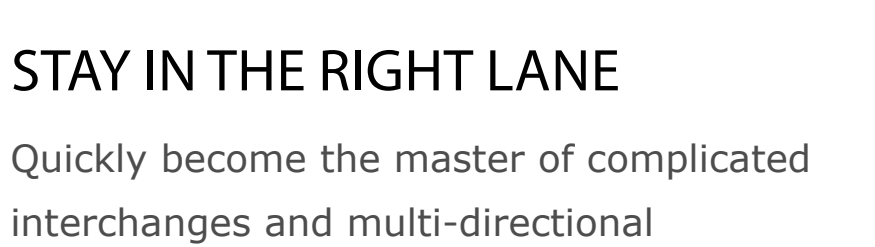

#### TAKE THE WINNING ROUTE

Let the frustration of traffic be a thing of the past. With access to real-time traffic information and traffic advisories, the system can plan the perfect route and keep you notified of accidents and construction delays.

#### KEEP YOUR BEARINGS

Get a bird's-eye view of your location and destinations with the 3D Birdview display. Using Nissan Intelligent Key there's no need to go searching for your keys when you can keep them tucked away in your pocket or purse.

#### STAY IN THE RIGHT LANE

Quickly become the master of complicated interchanges and multi-directional intersections. Just give a quick glance at the lane guidance graphic to see exactly which lane will get you to the correct roadway.

#### HANDS-FREE CALLING

Make and receive calls with both hands on the steering wheel using the integrated Bluetooth hands-free phone system and steering-wheel-mounted controls. Keep in touch while keeping distractions to a minimum.

#### LIFE JUST GOT SIMPLER

Just press a button on the door handle to unlock your Nissan Pathfinder. Using Nissan Intelligent Key there's no need to go searching for your keys when you can keep them tucked away in your pocket or purse.

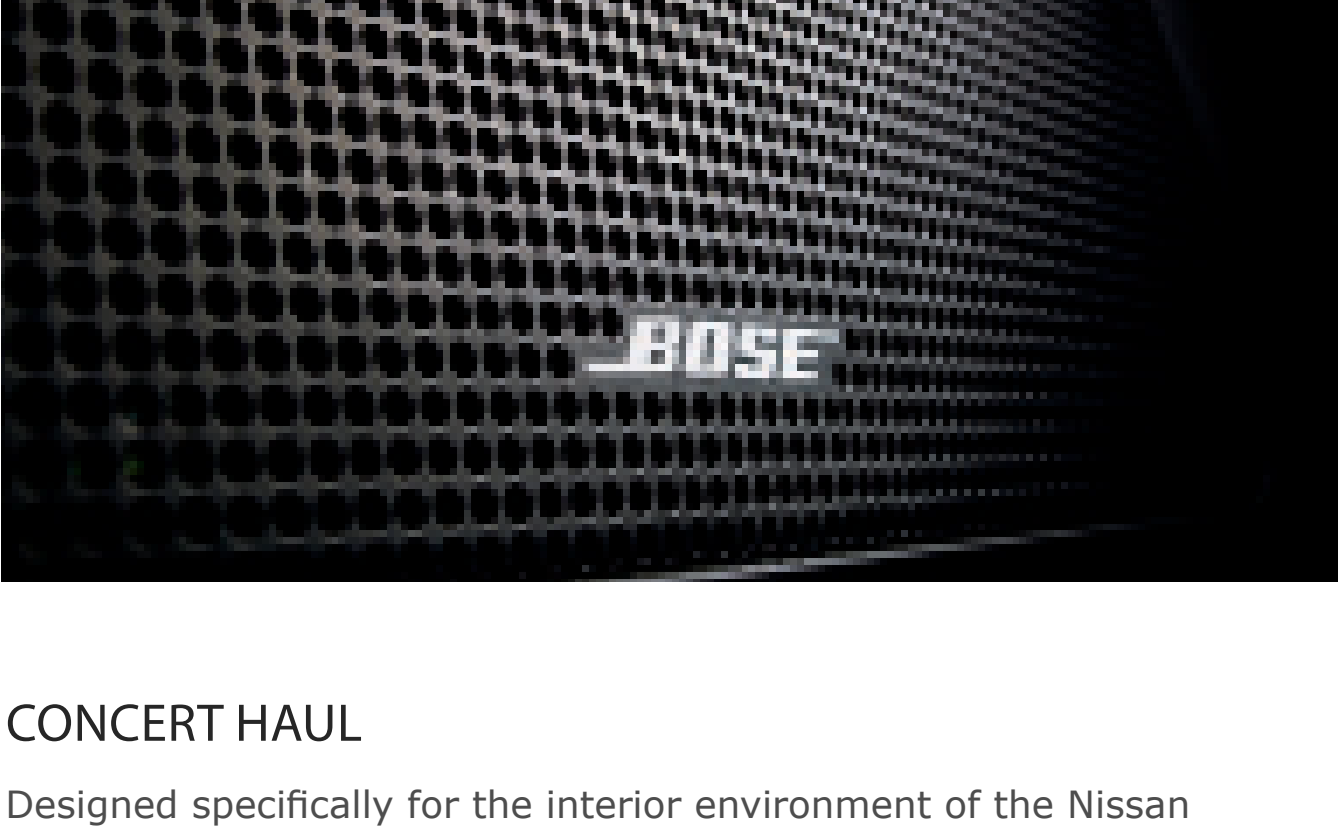

#### BACKING-UP PLAN

Take the guesswork out backing up and connecting tow hitches. With the RearView Monitor, when you're in reverse, a camera mounted on the rear of the vehicle helps you see what's directly behind you.

## SIGHTS AND SOUNDS

### MOBILE MEDIA MACHINE

There will never be a dull moment with all the entertainment options available in the Nissan Pathfinder. Loads of music storage, audio connections, and a rear-seat entertainment screen will make the most of the crystal clear Bose premium audio system.

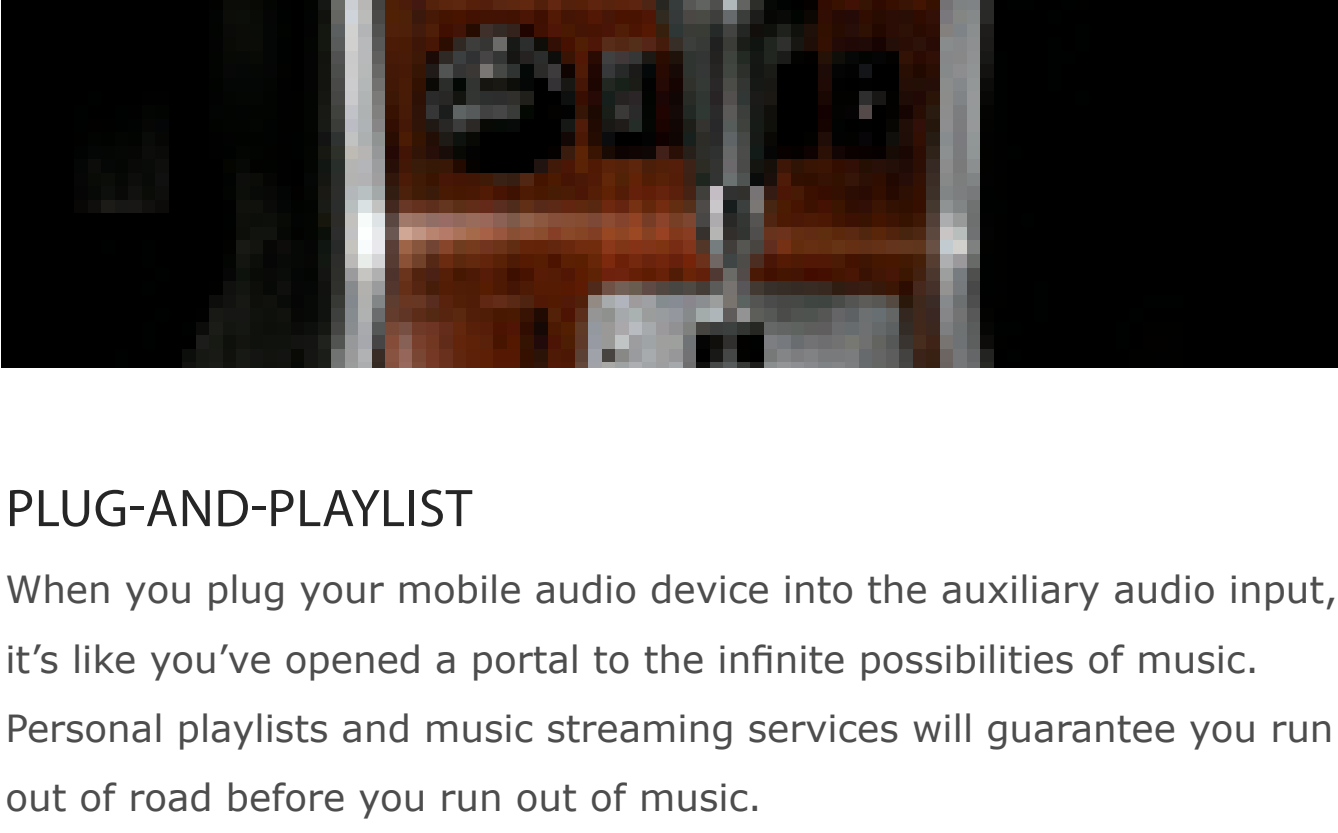

#### CONCERT HAUL

Designed specifically for the interior environment of the Nissan Pathfinder, the Bose premium audio system will fill the air with a concert-quality reproduction of your favourite performances.

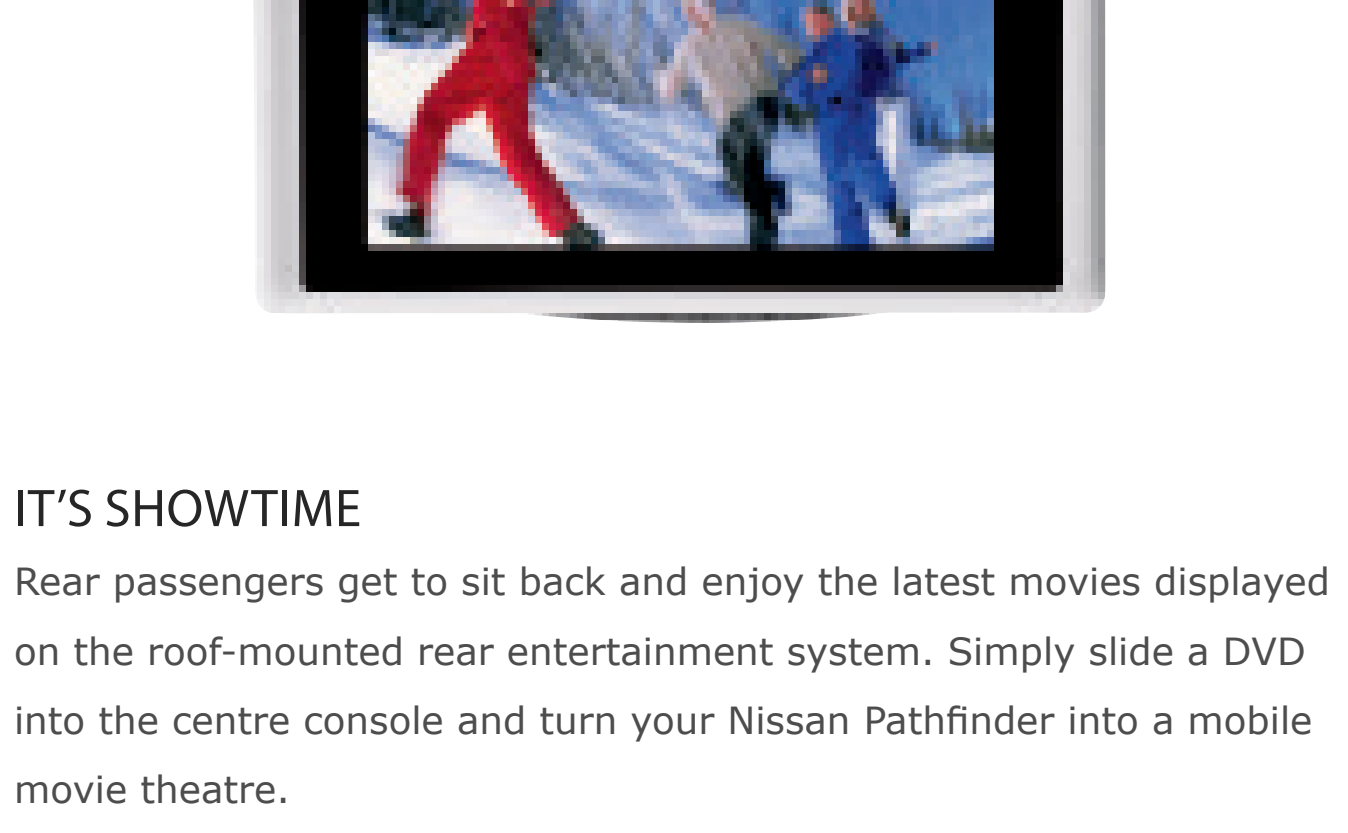

#### MUSIC LIBRARY FOR THE ROAD

Now you can take your CD collection everywhere you go. Load hundreds of CDs into the hard-drive Music Box system and they will be tagged with track, album and artist information so you can easily find your journey's soundtrack.

#### PLUG-AND-PLAYLIST

When you plug your mobile audio device into the auxiliary audio input, it's like you've opened a portal to the infinite possibilities of music. Personal playlists and music streaming services will guarantee you run out of road before you run out of music.

#### IT'S SHOWTIME

Rear passengers get to sit back and enjoy the latest movies displayed on the roof-mounted rear entertainment system. Simply slide a DVD into the centre console and turn your Nissan Pathfinder into a mobile movie theatre.

## PERSONAL RETREAT

### COMFORTABLE AND FLEXIBLE

The Nissan Pathfinder keeps comfort front-and-centre. Hit a button and the driver's memory system adjusts the driver seat, power pedals and power side mirrors to your perfect driving position. Then dial in your preferred temperature on the dual-zone Automatic Temperature Control, heated seats and heated steering wheel. Now, that's personalised comfortable.

## EXPECT EXPANDED

### TURN UP THE VOLUME

When it comes to passenger volume, the Nissan Pathfinder leaves the competition far behind. Seven passengers can stretch out and enjoy the comfortable seating and conveniently located cup holders and storage solutions. Once the passengers are gone, seating quickly folds out of the way to reveal a truly cavernous cargo space to fill with whatever the trip demands.

#### ONE FOR THE ROAD

When you need to pack it all in, the flat cargo area and fold-down front passenger seat open the interior to load extra-large items or massive amounts of cargo.

#### FAMILY FAVOURITE

This is the go-to configuration for families on a road trip. Plenty of room for five travelers and all of their luggage and equipment. Let the big adventure begin.

#### LONG TIME COMING

Even when with several passengers aboard, the ability to split fold the 2nd- and 3rd-row seating and fold down the front passenger seatback gives the flexibility needed to transport long items.

## VERSATILE STORAGE

#### STORAGE AT THE NEXT LEVEL

There's plenty of extra space in the dual-level glove compartment to store in-vehicle necessities for daily driving. In fact, there's still room to securely hide personal items while running errands.

## SAFETY FOCUSED

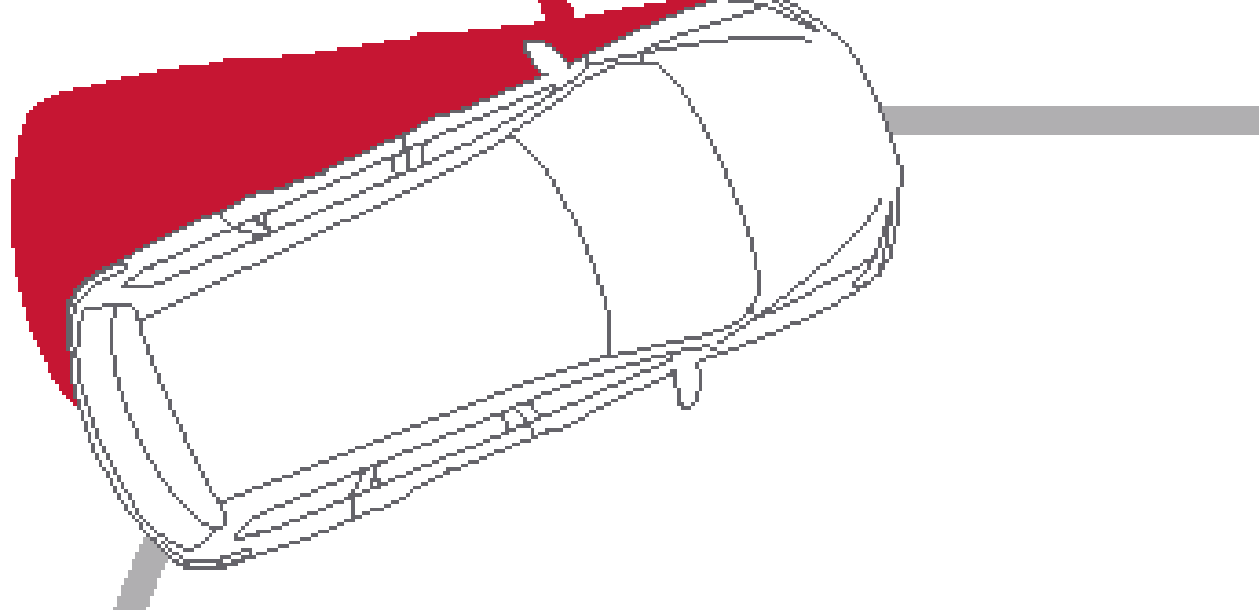

### MAKING EVERY ADVENTURE SAFER

The Nissan Safety Shield® technologies are a comprehensive approach to safety that guide the engineering and development of every vehicle we make. By keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident, the Nissan Safety Shield® technologies are our way of looking out for you and yours.

#### SURROUNDED BY SAFETY

The Nissan Pathfinder includes a full complement of air bags. Dual-stage supplemental front air bags adjust their inflation rate based on crash severity and seat belt usage. Built into the front seats, side-impact supplemental air bags move as you adjust your seating position and roof-mounted curtain side-impact supplemental air bags with rollover sensors help provide head protection for all three rows of outboard occupants.

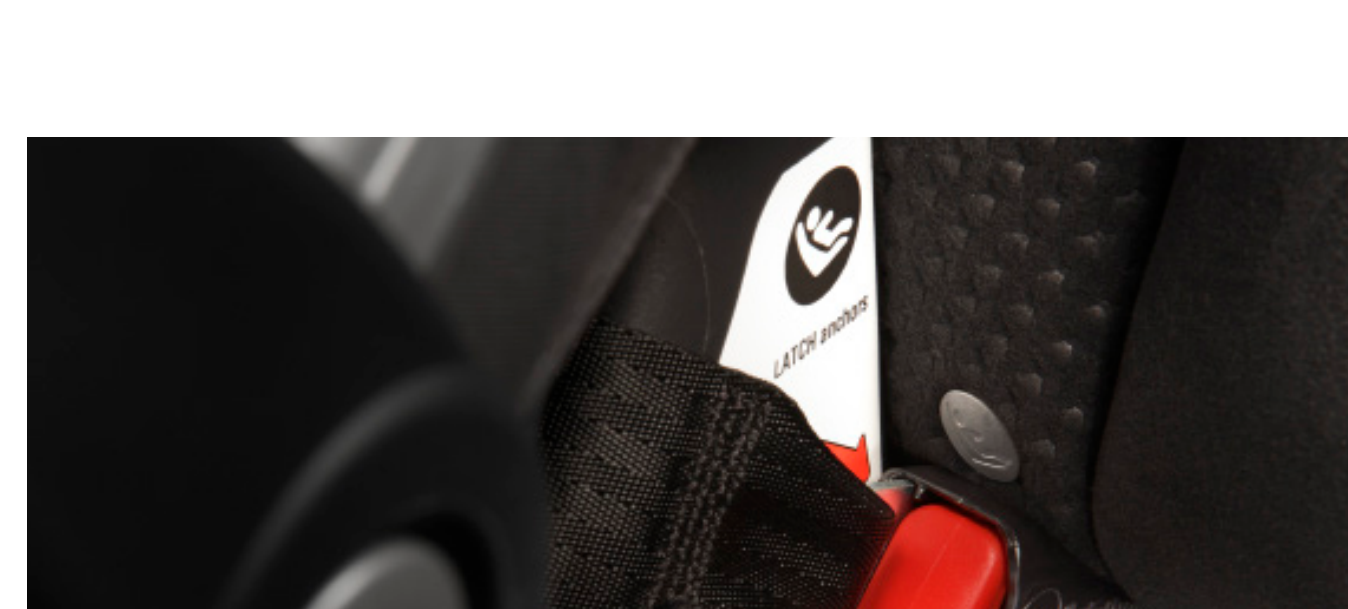

#### RESPOND WITH CONFIDENCE

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, the Nissan Pathfinder employs active safety technologies like Vehicle Dynamic Control (VDC) and advanced Anti-lock Braking System (ABS) to help you respond to a potentially harmful situation.

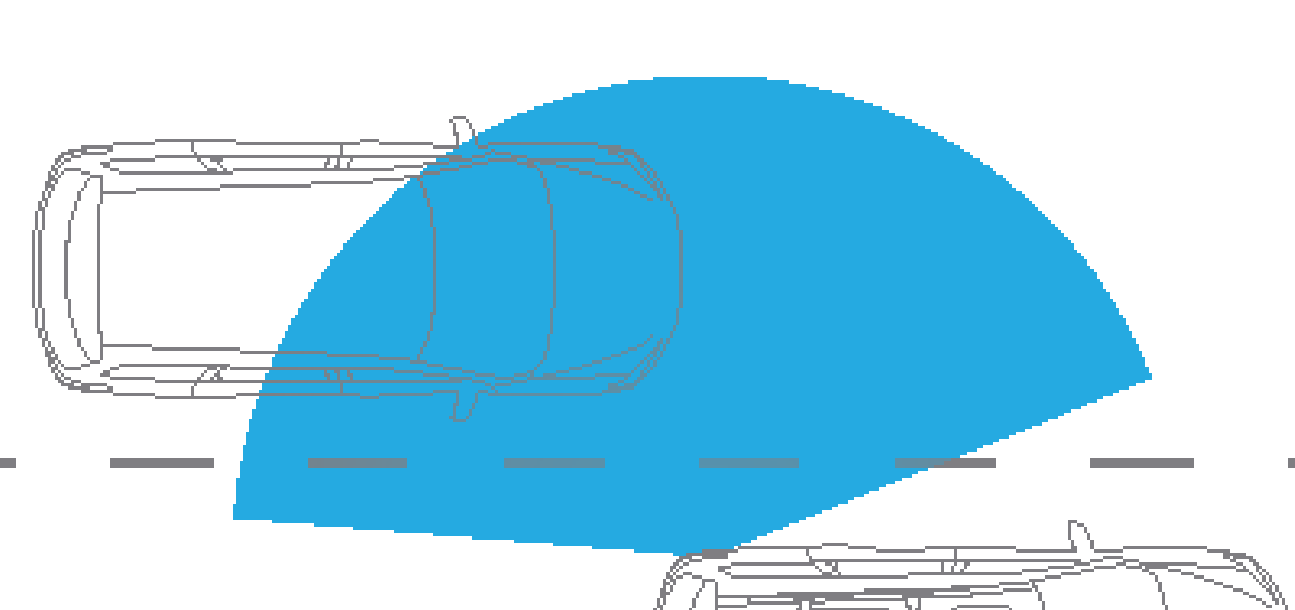

#### THE PRESSURE'S OFF

When your tire pressure is low, an icon illuminates on your dash to let you know. And when you stop for air, the exclusive Easy-Fill Tire Alert gives you a friendly beep of the horn when you've reached the right pressure.

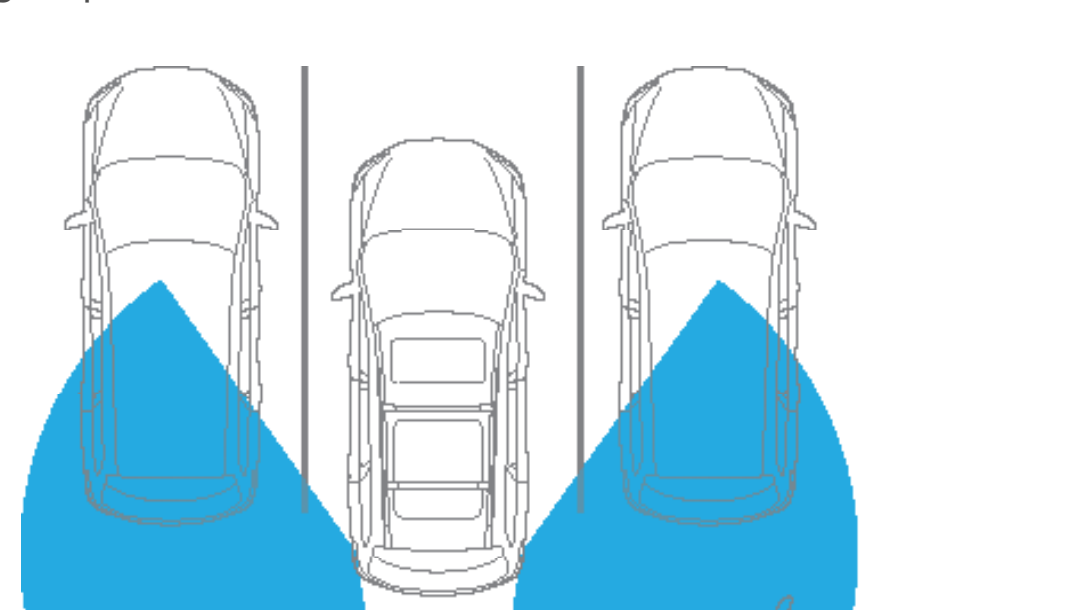

#### PRECIOUS CARGO

ISOFIX and LATCH are another way we're working to keep children safe. The easy-to-use system lets you secure compatible child restraints in the second row without having to use seat belts or a locking chip.

#### KEEPING AN EYE OUT

If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's door. Put your turn signal on, and the indicator flashes with a warning chime to alert you.

#### GET A SECOND OPINION

When visibility is blocked or limited to the side, Rear Cross Traffic Alert helps you safely back up by detecting objects moving toward the rear of the vehicle and sounding an audible alert.

## VERSATILE STORAGE

### CENTRALLY LOCATED

The large centre console has a broad armrest that hides another convenient storage area. It's a great place to keep your phone and features audio and video connections for the rear entertainment system.

## VERSATILE STORAGE

### ALL ROW EQUALITY

Passengers in the 3rd-row won't feel left out with integrated cupholders to hold a tasty beverage for them and storage compartments to keep their belongings safe and secure.

## VERSATILE STORAGE

### ITEMS MAY HAVE SHIFTED

It's important to secure loose or fragile cargo, and easy too, with the integrated cargo tie-down hooks located throughout the rear.

## VERSATILE STORAGE

### SECRET COMPARTMENT

The clever underfloor storage allows you to keep vehicle essentials accessible without being in the way. Easy to clean, it's also the perfect place to store wet or dirty items out of sight.

## VERSATILE STORAGE

### BE PREPARED

Bumps and scratches are sometimes part of the adventure. Luckily, there's a portable first aid kit located in its own storage compartment to help take care of minor injuries and mishaps.

NISSAN PATHFINDER  
**PERFORMANCE**

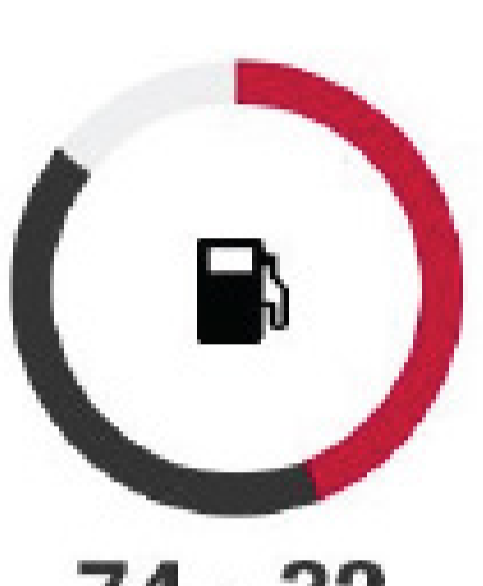

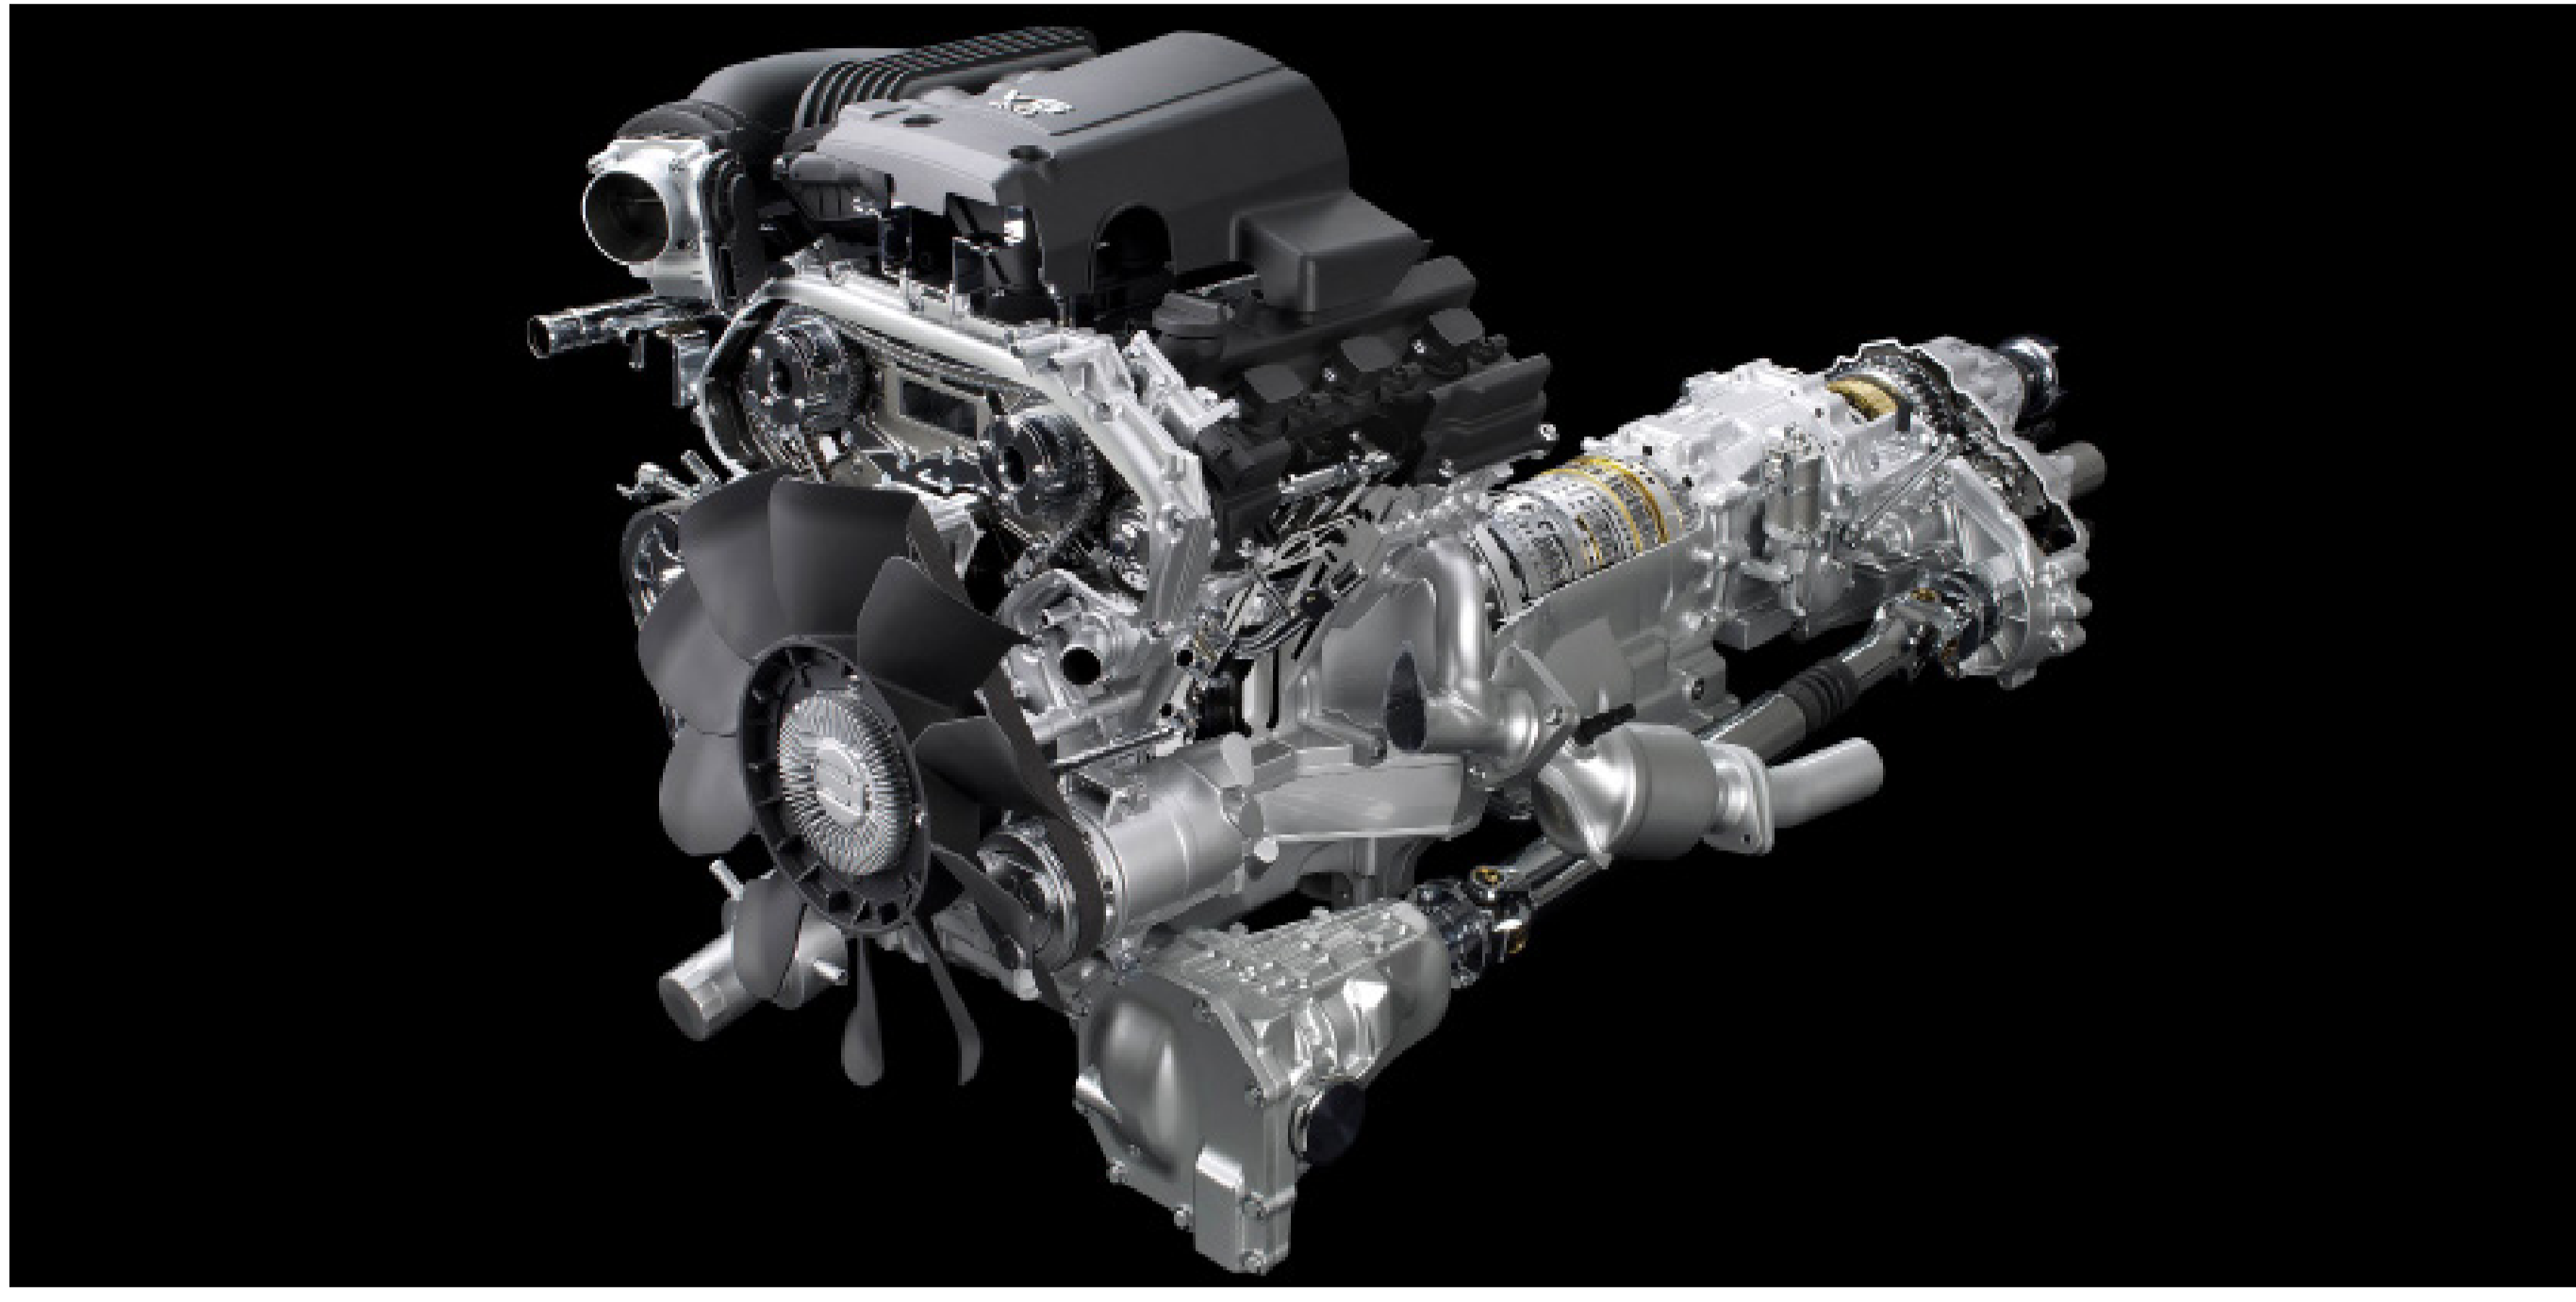

POTENT POWER, FUEL ECONOMY AND TOWING CAPABILITIES.

ALL-CONQUERING POWER

**GO ANYWHERE WITH EVERYTHING**

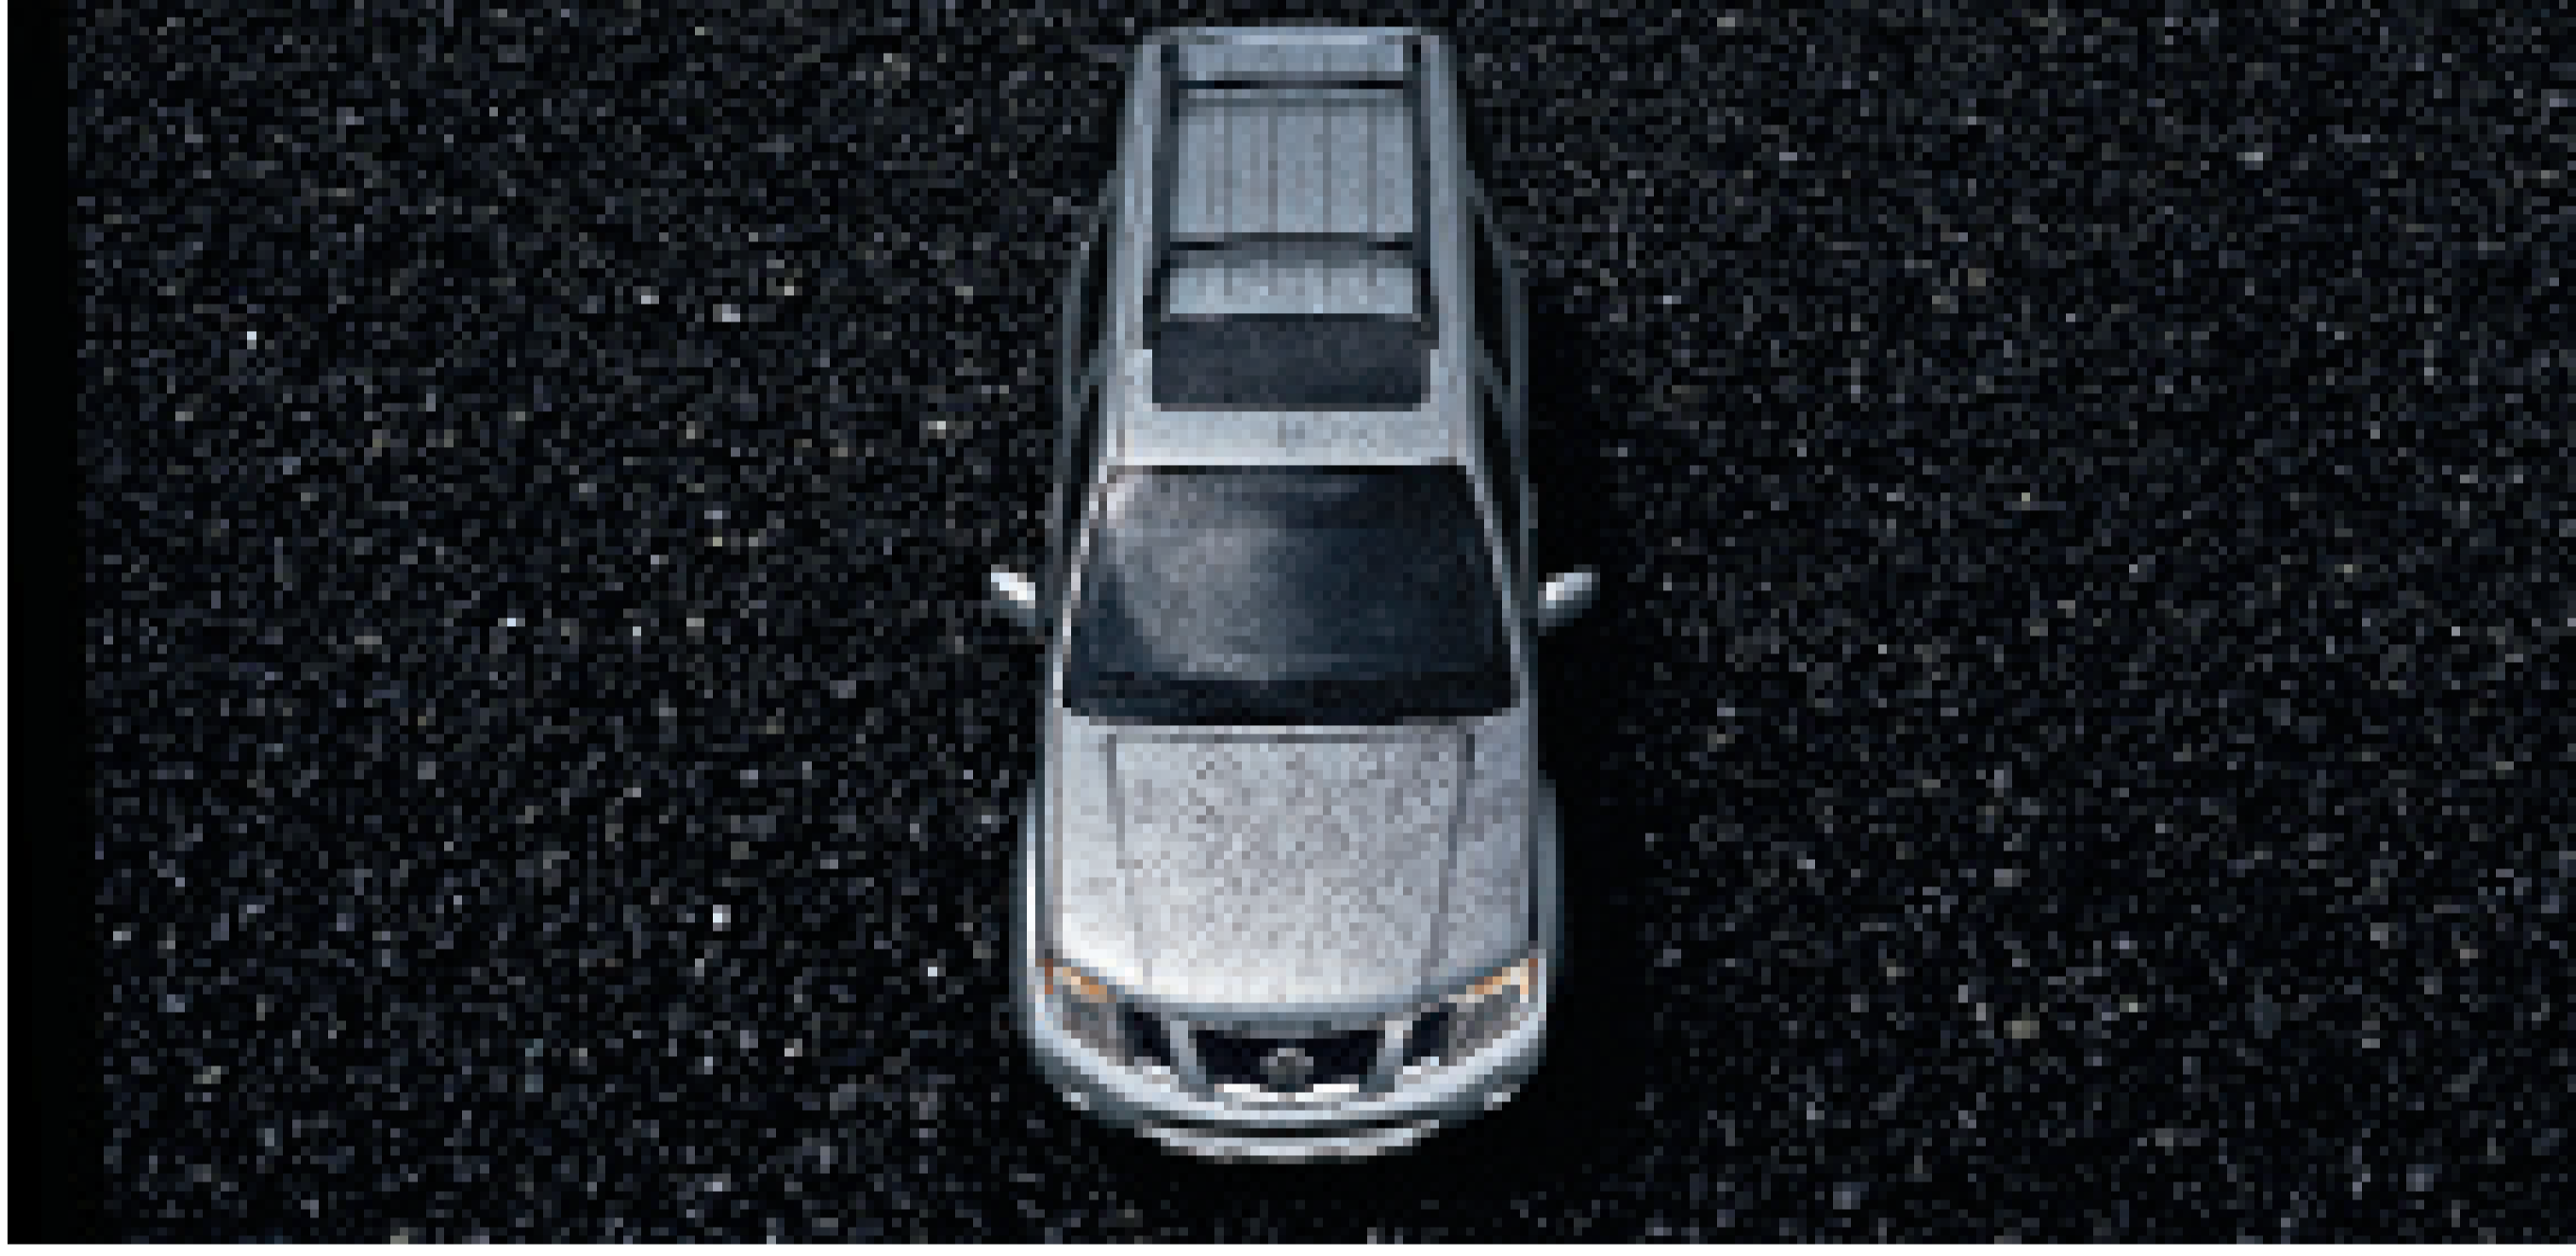

The Nissan Pathfinder dynamic 4.0-Litre V6 engine impresses with the ability to muscle out 264 PS and equally tackle long-run cruising and towing large watercraft. All that power comes with smooth deliver and strong fuel economy, so you can keep the fun going for miles down the road.

ENLIGHTENED HANDLING

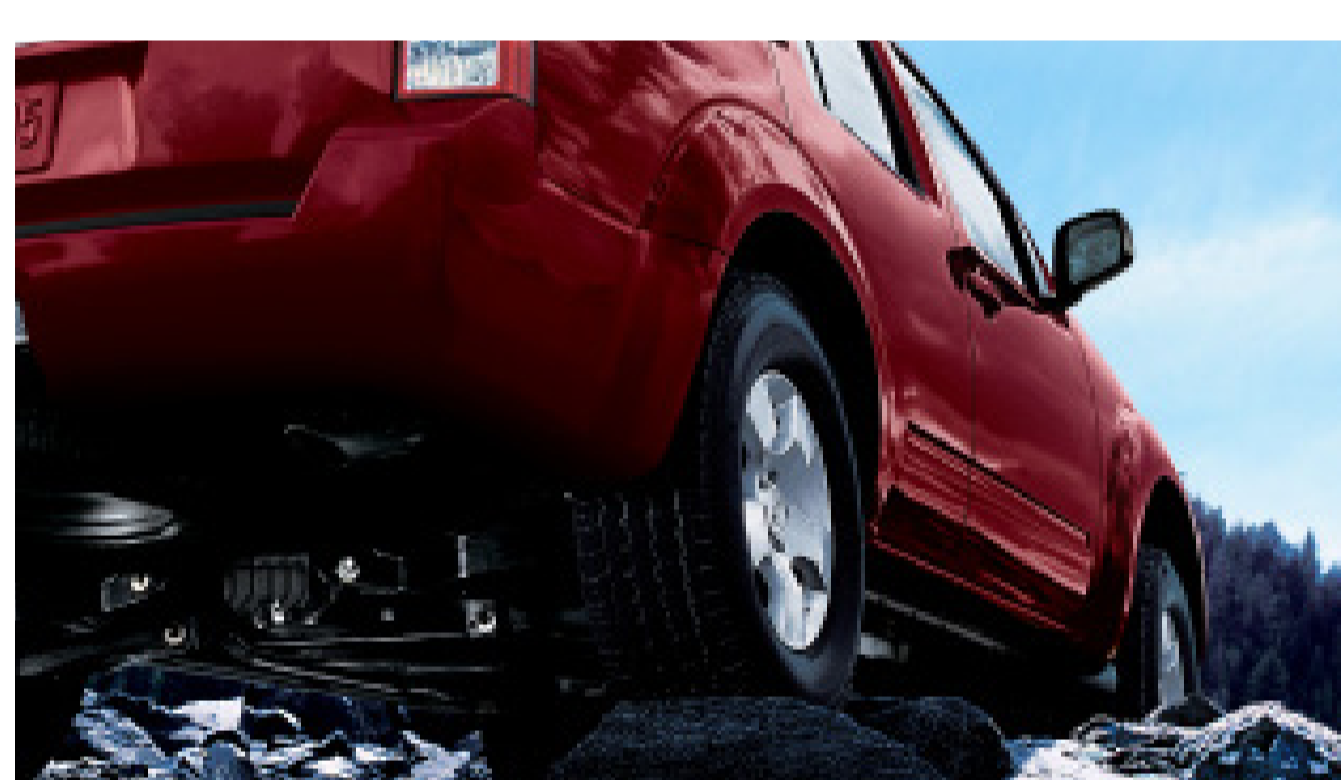

**THE ROAD LESS TRAVELLED**

While you may not go crawling up mountains and fording streams every day, it's nice to know you can when you need to. A rugged chassis combined with intelligent 4-wheel drive systems will make you a believer that the Nissan Pathfinder can turning mountains into mole hills.

TRACTION FOR EVERY TERRAIN

With a turn of a Shift-on-the-fly 4x4 dial, choose 4WD Lock Mode to overcome the most challenging conditions. In daily driving, Auto Mode constantly monitors conditions to balance power between the front and rear wheels for best traction, or select 2WD mode for maximum fuel efficiency.

POWER PLAYER

Get a handle on power with the Active Brake Limited Slip (ABLS) system. It senses unwanted wheelspin, than automatically applies braking to the spinning wheel and directs power to the wheels with more traction, helping to maintain steering control and climb over rocky landscapes.

KEEP YOUR MOMENTUM

When you encounter a steep incline, Hill Start Assist applies brake pressure for two seconds after you release the brake pedal to avoid any roll back before moving forward. This technology helps you feel secure on a slope, especially in sandy or gravel conditions.

HANDLE HILLS WITH CONFIDENCE

Hill Descent Control assists in driving down steep or slippery slopes by keeping a constant low speed without the need for braking. This allows you to concentrate on steering the vehicle down the ideal path.

GET IT IN GEAR

Application of power is just as important as the amount of power you have. The 5-speed automatic transmission with manual mode delivers smooth shifts and quick kick downs for confident passing, or use manual mode to stay in the desired gear when needed.

PULLING POWER

**POWER THAT'S TOUGH TO BEAT**

A full load of passengers and cargo while towing a large payload is a test for any vehicle, but one that the Nissan Pathfinder passes with high marks. The combinations of the torquey V6 engine, reliable transmission and tough chassis, you'll have the towing performance you need to keep heading for the horizon.

ONE TOUGH CUSTOMER

**ROCK-SOLID PERFORMANCE**

Unlike other sport-utility vehicles that make overtures toward off-road performance, the Nissan Pathfinder has the equipment to deliver on and off road. A robust body-on-frame design that sits on confident independent suspension makes it a dominant force where the tarmac runs out and the real fun begins.

BEST OF BOTH ROADS

Get to where you want to go. The independent front and rear suspension has been designed to consistently deliver smooth, confident handling on city streets while still giving the suspension travel and dampening that can handle large object and rocky terrain.

BUILT TRUCK TOUGH

The secret weapon of the Nissan Pathfinder is a full-length boxed ladder frame that is the same as found in heavy-duty trucks. Made with super-high-tensile-strength steel, it's the kind of foundation that can easily handle the punishing nature of off-road driving – and make other SUVs jealous.
