READY FOR BUSINESS GOOD PACKAGES COME IN SMALL THINGS

The Nissan NV200 Van is ready to become the workhorse of your business. It's up to the task of your big jobs with surprising cargo capacity, yet small when it comes to manoeuvring through traffic and smaller still when factoring into your monthly budget. Dura-ble and convenient, it's poised to become the go-to veteran of your growing commercial vehicle fleet.

SPACE SAVIOUR MAXXED OUT INSIDE

While it may be short outside, the Nissan NV200 Van goes a long way in maximizing cargo space on the inside. With 4.2 cubic metres of cargo volume, wide-opening rear doors, sliding doors on each side, and the ability to swallow two standard-sized Euro pallets worth of stuff, it's ready to handle all of your jobs, even the unexpected ones.

TAKE A SEAT OR SEVEN

PASSENGER LOADING AND MORE

The Nissan NV200 Combi takes that huge interior space and repurposes it for passenger carrying duty. The ingenious setup of the adaptable, modular seating lets you create almost limitless configurations to host two, five or even seven passengers with surprising room left over for luggage and supplies.

MOBILE COMMAND CENTRE UPWARDLY MOBILE OFFICE

Take your office on the go. The fold-down passenger seat creates a work desk, while smart storage and power outlets are all with-in easy reach. To help you work efficiently, technology features like a RearView Monitor, NissanConnect with Mobile Apps, and a suite of high-tech conveniences keep you connected to the business at hand.

PROVEN TOUGH QUALITY FOR MILES AND MILES

The Nissan NV200 Van doesn't just showcase our commitments to thoughtful, functional design and innovative details, it boasts durability to stay in action. We test our vans for endless hours and days under extreme conditions to deliver a van that's built to last, and one that you can rely on every day.

SPECIAL SERVICE CAPABLE BODY OPTIONS FOR YOUR BUSINESS

When your business has special needs, the Nissan NV200 Van is ready to tackle the task. Choose refrigerated cargo compartment options to keep food or flowers cool, or a taxi conversion designed to professionally shuttle fares around the busy city.

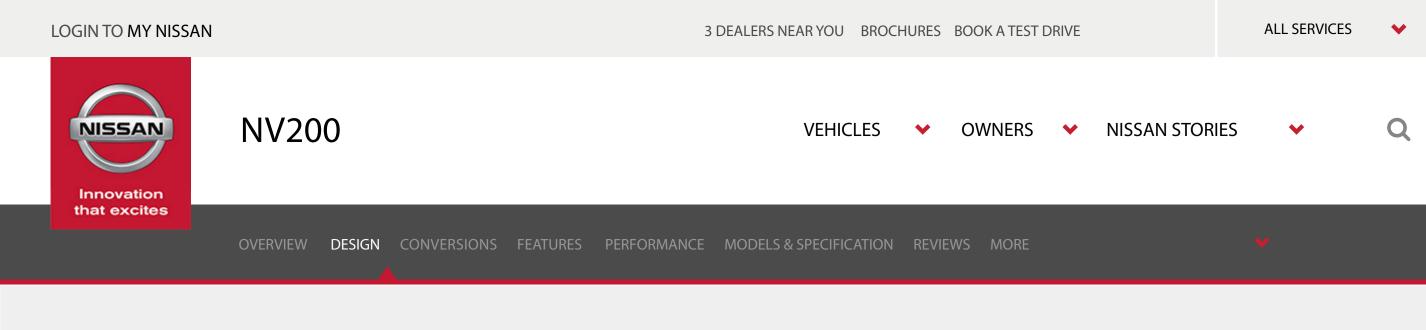

ALL HAIL THE NV200 TAXI

Designed for the toughest, most demanding cities anywhere, the Nissan NV200 Taxi is ready to show the world everything a modern taxi should be. With innovation in every area, it's in the business of making drivers smarter, passengers happy and comfortable, and owners satisfied.

KEEPING IT COOL

Tailor made for the rigorous demands of the catering business, the Nissan NV200 Van refrigeration conversion has two types of cooling units that can refrigerate to 0°C or below – and still leave you 2.2 cubic metres of pure load space. Shelving options and waterproof flooring means all your delivers can arrive in optimal condition.

SIZED FOR THE CITY WITH AN INTELLIGENT LAYOUT INSIDE.

EXTERIOR CARGO

COMBI

UPFITTING

KILLER APP IT'S THE BUSINESS

When looking for a smart solution for your business, look no further than the Nissan NV200 Van. Inside and out, it's a testament to efficient design and intelligent execution. It's got the style and substance to take your business to the next level and look good doing it.

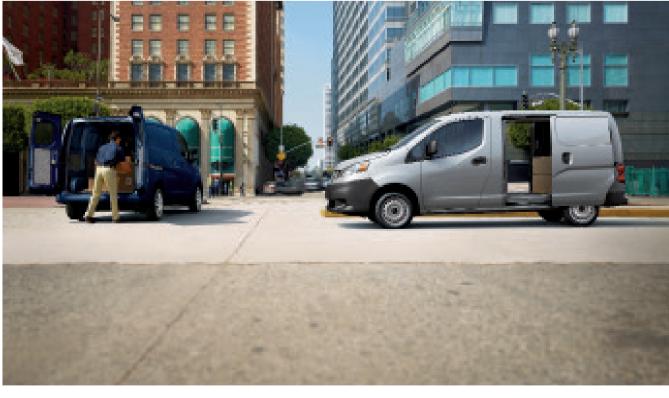

PURPOSEFULLY MULTI-PURPOSE

A BOLD TAKE ON THE MPV

The Nissan NV200 Van shows that a multi-purpose vehicle can be stylish as well as practical. It's got a modern look with a distinctive front grille and sporty rear end that gives it a bold attitude. After all, it may serve as your local advertising platform, so it better be eye-catching.

SAPHIRE BLACK

Getting cargo in or out should be the least of your worries. That's why the Nissan NV200 Van features two easy-sliding side doors with a low step-in height and a wide-opening 40/60 split rear door. Multiple options for loading by hand or straight in with a forklift will make each delivery that much easier and safer.

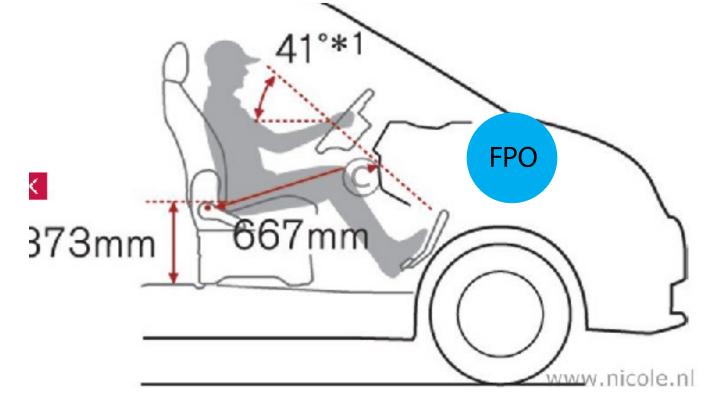

CITY DWELLER

The compact body dimension of the Nissan NV200 Van allow the driver to easily negotiate tight parking structures and narrow city streets. Add to that a small turning radius and nimble handling and even challenging routes and parking will be no sweat.

A COMMANDING VIEW

Things are looking up with the high driving position of the Nissan NV200 Van. It helps the driver see further ahead to help navigate traffic, while the dashboard instruments are perfectly angled so they can be read with just a quick glance.

THE SPACE TO MOVE KEEP CALM AND CARRY ALL

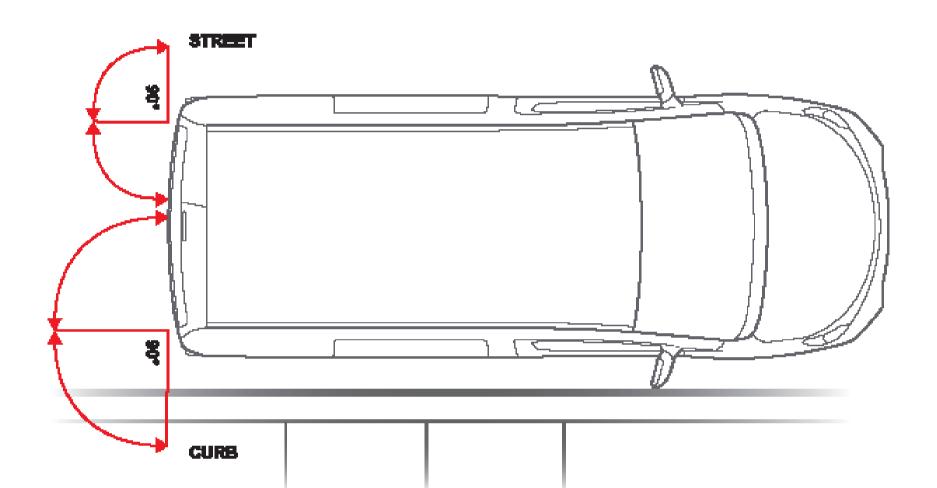

A lot of thought went into making the Nissan NV200 Van accessible, no matter what you need to bring along. The rear suspension was specially designed to minimise intrusion into the cargo area. Open the rear doors, and you'll find 4.2 cubic metres of truly useable space to help you maximise your carrying ability. From cargo to people, it will help you make the most of every trip.

CLEVER AND VERSATILE

The clever design of the cargo space in the Nissan NV200 Van stretches out internal dimension to make every work day easier. The cargo floor is 2.04 metres deep and 1.22 metres wide between the wheel arches. The rear opening has squared-off corners to help provide easier access when loading with a forklift. And with a cargo floor that is only 524 mm from the ground, loading heavier objects is a snap.

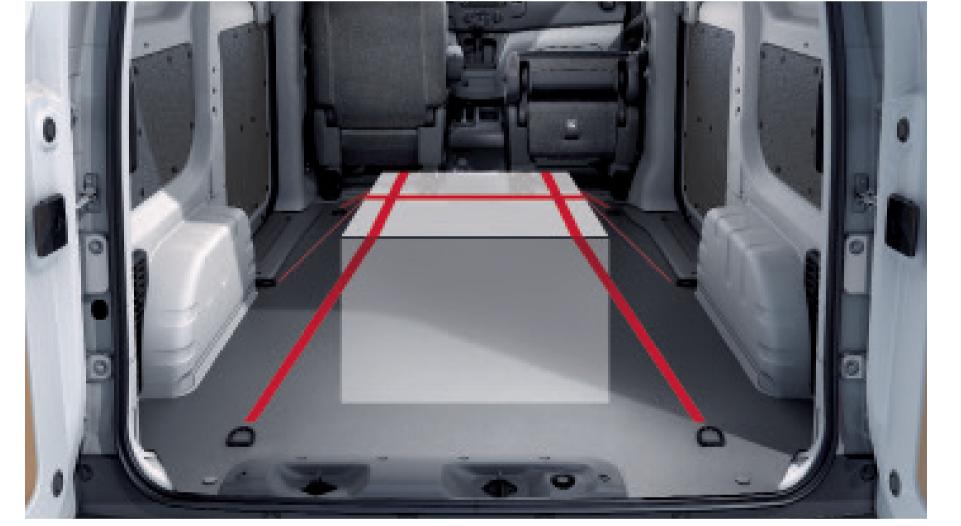

OPEN TO THE POSSIBILITY

Open wide with the 180° 40/60 split rear doors to fit in oversized payloads. If you prefer to use just one door in tight situations, the curb-side door is larger for easier access, while the street-side door is shortened to intrude less into traffic when it is opened.

SAFE AND SECURE

Fasten down packages and delicate cargo with ease using any of the six folding tie-downs located in the cargo floor. With a heavyduty design, they can secure heavier objects and conveniently fold-flat into the floor to avoid catching on cargo when loading and

FLAT OUT FUNCTIONALITY

Use every millimetre of available space, the full 1.22 metres of width, thanks to the squared-off interior wheel arches. They help allow organised and stackable loading that is not only more space efficient, but more secure during transit.

FOR THE LONG HAUL When you need maximum space for the longest items, simply fold flat the front passenger seat for that extra space and fit in surprisingly large items with ease.

A WINNING COMBINATION VERSATILITY FOR EVERY JOB

When you need the flexibility to carry passengers and cargo, rely on the Nissan NV200 Combi. Seating anywhere from two to seven passengers, the modular seating will allow you to go from shuttling people to making big deliveries and back again. Set up for five passengers in two rows, there is still 2.3 cubic metres of cargo space. Plenty of room for luggage or whatever gear needed.

PARTY OF SEVEN PLUS

Take the party on the road with the easily configurable seating arrangements in the Nissan NV200 Combi. The adaptable, modular seating can be arrange in two or three rows, or removed entirely when you need to carry large items.

TWO'S COMPANY BUSINESS

In two-seat configuration, three mountain bikes easily fit with front wheels still attached. That's with the seats folded away and available for use after unloading.

TAKE FIVE

Even with five people on board, the Nissan NV200 Combi can still take on board a large size suitcase for each of them. It's an impressive 2.3 cubic metres of cargo space for work or for play.

LOAD IT ALL UP

Accommodating seven passengers usually means running out of luggage space. With all three seating rows installed, the rear cargo area can still easily accommodate at least two large suitcases.

ENGINEERED TO PERFORM CREATE THE PERFECT DELIVERY SYSTEM

The Nissan NV200 Van has been designed to let you create a commercial vehicle that is small on the outside, but allows lots of room on the inside. Nissan Upfit Engineering offers integrated, reinforced cargo-mounting points and integrated roof-mounting points. It's an upfitter-friendly base to build your business on.

KEEP IT ORGANISED

Cargo rack, partitions and storage bins can be securely affixed to the integrated, reinforced cargo-mounting points to create an organised and function workspace. Resistant to loosening and damage to the interior wall, they are built for the long haul.

STAY ON TOP OF IT

Never have to drill into the sheetmetal to install roof racks. Simply use the integrated roof rack-mounting points to securely fasten your roof accessories without concerns about damage or rust.

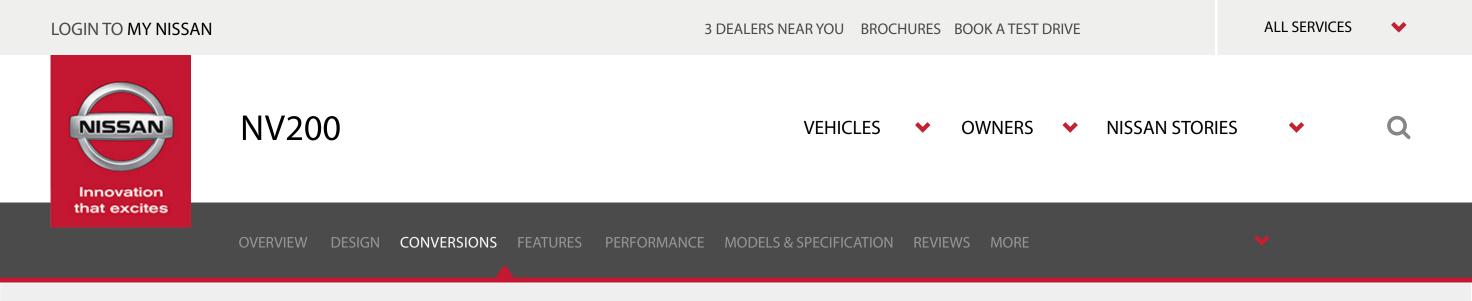

YOUR BEST INTERIOR

Whether it's shelving, partitions or custom fixtures, the Nissan NV200 Van allows you to customise the interior cargo area to best suit your needs. Use this visualiser to see how cargo management can keep things organised and increased productivity every day.

YOUR BEST EXTERIOR

Have you thought about putting your advertising strategy on wheels? The large, flat sides of the Nissan NV200 Van are just begging to be outfitted with you company's logo or a special vehicle wrap. This visualiser will help put your design in motion.

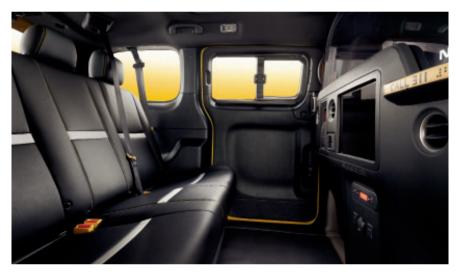

CONVERSIONS

SPECIAL JOBS NEED A SPECIALISED VEHICLE.

ABLE AND WILLING DO THE JOB RIGHT

Engineered to conquer the tough streets of New York City, the Nissan NV200 Taxi has everything it takes to get people where they are going in comfort and convenience. With seating for four passengers and a host of passenger amenities, it's fair to say there will plenty of happy fares.

READY TO TAXI

- Fuel-efficient 2.0-L 4-cylinder engine
- Driver/passengers intercom system

- Two passenger USB connection ports and two 12-volt outlets
- Independent front and rear air conditioning
- Limousine-like rear leg room
- Low step-in height and ingress/egress side steps

COOL AND CAPABLE

Designed specifically to meet the rigorous demands of catering businesses, the Nissan NV200 Van refrigeration conversion will keep even the most delicate ingredients cool and fresh. Two types of refrigeration units allow the cargo space to be cooled to 0°C or as low as -10°C. Efficient packaging means there's a generous 2.3 cubic metres of cargo space and the ability to upfit with adjustable shelves and flooring options.

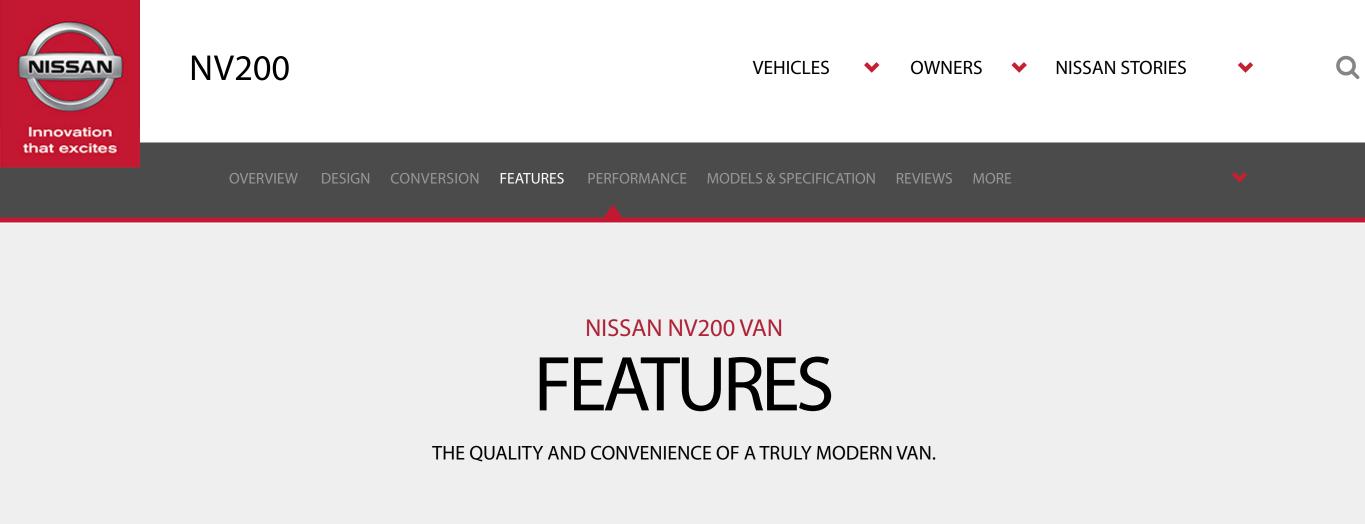

TOTAL TEMPERATURE CONTROL

Easily adjust and monitor the cargo space temperature with the remote temperature control located in the front cabin. Utilise the auxiliary power plug on the refrigeration unit to keep things cool overnight.

PUSHING DURABILUTY TO THE LIMIT TIME TESTED AND IMPROVED

Heat. Cold. Pounding over potholes. Running for days at a time. After passing all of the brutal quality and durability testing we can think of, we're sure you'll have a van you can count on.

A PENNY SAVED REDUCING THE COST OF OWNERSHIP

From day one, the Nissan NV200 Van has been designed to offer a low total cost of ownership. Through minimal every-day running costs, robust construction, and durable materials for long life and reliability, you'll appreciate every dollar saved.

RESILIENT AND REPAIR READY

The tough central chassis structure can handle the demands of hard work and to keep you well protected. Outside it are effective energy absorbing zones that help dissipate impact forces. Though strong, they're also easy to repair.

THE PERFECT SHIFT

When the engine reaches the ideal revs for efficient shifting, the gear change indicator in the multifunctional display shows the ideal timing to change gears. This helps you to drive more economically.

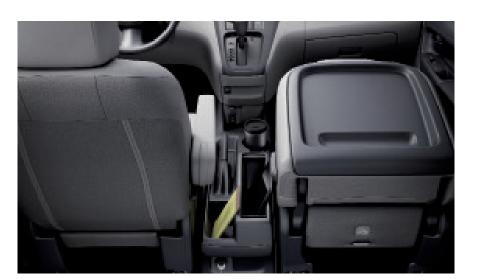

KEEPING YOU INFORMED

Equipped with a multifunctional display with onboard trip computer, the Nissan NV200 Van provides all the information you need to drive economically. It shows you engine revs, average and real-time fuel consumption, and remaining driving range.

MOBILE OFFICE SPACE BRING YOUR WORK WITH YOU

This van can take care of business. The front cabin behaves like a mobile office, giving you space, storage, conveniences, and connectivity you need. Fold down the front passenger seatback for a quick desk to take care of billing or paperwork before you head to the next job.

STORAGE ALL AROUND

The centre upper tray and glove box are ideal for holding paperwork. Optional storage trays between the front seats keep you organised and an under-seat storage drawer can hide valuable items. Add cupholders and large door pockets and everything has a place.

PRODUCTIVE CONVENIENCE MAKE THE MOST OF YOUR TIME

If you've got a hard day's work ahead, it's nice to know you can do it in the comfort and convenience of a well-thought-out cabin full of practical amenities. After all, a comfortable worker is a happy worker.

THIS JOB IS A BREEZE

The right temperature van can make all the difference in delivery attitude. Enjoy a refreshing breeze or warm up on a cold day with the easily accessible air conditioning.

SPEED IS KEY

Every second counts. So let the remote keyless entry system shave a few tenths off each trip by letting you unlock and lock the van with the simple push of a button.

GO THE DISTANCE

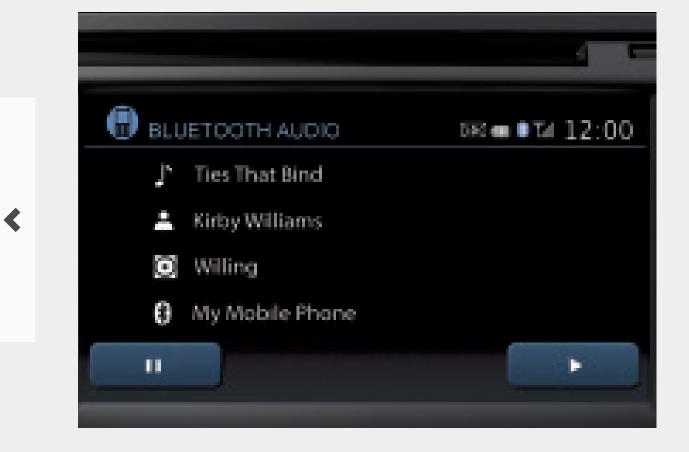

Make the driving a little easier on a long run by engaging cruise control. Not only can it help keep driving economical, it can help avoid unwanted speed limit violations when used conservatively.

A WHOLE NEW BALLGAME THE CONNECTED VEHICLE

Welcome to the modern era. Let NissanConnect keep you connected with a suite of high-tech features to help keep you in business, easily accessed through a touchscreen display with voice recognition. In a fast-paced world, it's an indispensable tool to connect you with customers, keep ahead of traffic and detours, and get you to the finish line on time.

COMMITED TO SAFETY PREVENTION AND PROTECTION

The Nissan NV200 Van is equipped with a comprehensive collection of active and passive safety feature designed to help respond and protect at every turn. But we didn't stop there. The Nissan NV200 Combi is equipped with front passenger, supplemental side-impact and roof-mounted curtain airbags. Tyre Pressure Monitoring System (TPMS) and driver-adjustable speed limiter further enhance the protective shield.

BRAKING WITH CONTROL

The Anti-lock Braking System gives confident, secure braking when you need it most. Electronic Brake force Distribution adjusts brake proportioning to compensate for added weight from passengers or cargo.

CONSTANT CONTROL

Vehicle Dynamic Control continuously monitors your steering and braking actions, senses any oversteer or understeer, and helps compensates by reducing engine speed and/or applying brake pressure to specific wheels.

BUILT IN PROTECTION

The Nissan NV200 Van features a standard driver front airbag and front seat belt pretentioners. The Nissan NV200 Combi is further equipped with sideimpact airbags for driver and front passenger, along with roofmounted curtain airbags for 2ndand 3rd-row outboard occupants.

STOP CONFIDENTLY

You never know how many stops you'll make in a day. The disc brake system helps reduce brake "fade" from overheating, which means more secure, consistent stopping and a longer life for your brakes.

VITAL TYRE CARE

On the Nissan NV200 Combi, a standard Tyre Pressure Monitoring System (TPMS) will illuminate an icon if you tyre pressure is low, helping you to keep pressures correct for safe and efficient driving.

SECURITY WHEN STOPPED

An engine immobiliser helps prevent unauthorised driving. Without using an electronically coded key in the ignition, the engine is disabled and prevents anyone else from driving off.

INFINITE MUSIC CHOICES

Plug in your iPod or compatible portable audio device and take control of your music choices right through the audio system. The touchscreen display even shows album and artist information when available.

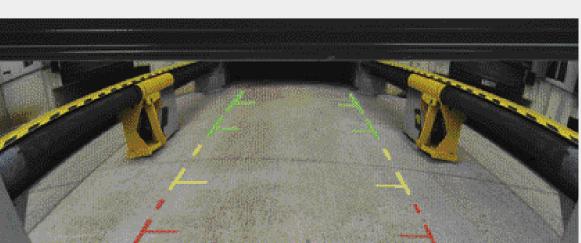

STAY UP-TO-DATE

Get access to the latest news, sports scores and traffic with NissanConnect mobile apps. Use the apps to stay connected to social media sites so you always know what's up.

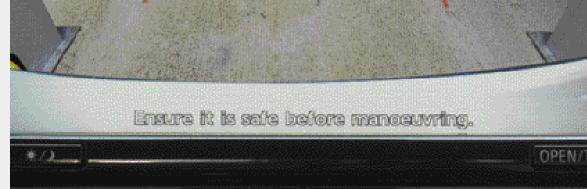

NAVIGATION TO THE RESCUE

Take the most efficient route and avoid traffic jams. With 3D maps, Points of Interest, and real-time traffic, the navigation system will help you get where you're going without getting lost and with minimal delays.

A TIGHT SITUATION

Squeezing into small parking spaces and loading bays is easy work with the RearView Monitor. The dashboard display gives you a full colour view of the area behind you, and adds predictive guidelines to help you park safely and perfectly lined up.

PERFORMANCE

POWER THAT GOES, FUEL THAT STAYS.

TELL ME ABOUT PETROL ENGINE DIESEL ENGINE

DURABLE AND ECONOMICAL

POWERFUL OUTPUT, MINIMAL INPUT

The Nissan NV200 Van can be equipped with a powerful yet frugal 1.5 dCi turbo diesel engine serving up sizeable 200 Nm of torque. This quiet and smooth 90PS engine offers excellent fuel economy, and its impressive range in everyday driving conditions can help you go longer between filling up. Additionally, low CO2 emissions enable you to reduce your carbon footprint.

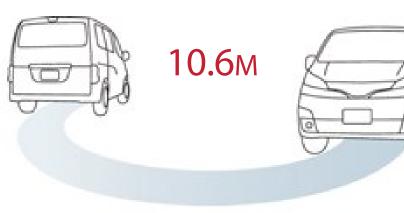

MPG EFFICENCY

A REVOLUTION OF EFFICIENCY

Make the most out of the power and efficiency of your engine with the Xtronic CVT (Continously Variable Transmission). It eliminates the need for gear-hunting and delivers a seamless wave of power, holding the engine in the "sweet spot" for instant,

GET OUT OF A TIGHT SPOT

Narrow city streets and tight parking lots are no match for the Nissan NV200 Van. With a short 10.6m kerb-to-kerb turning circle, you can make the most of the compact overall length and easily out-manoeuvre the competition.

POWER AT HAND

Tap into the power of the engine with a 5-speed or 6-speed manual transmission. Smooth engagement, well-spaced gear ratios and easy operation will help keep daily driving a pleasure rather than a chore.

smooth acceleration, a	and keeping engine rp	m
